Aabhesh Singh Shekhawat

aabheshbanna12@gmail.com 9928103063 New Delhi LinkedIn GitHub

SUMMARY

Computer Science undergraduate with hands-on experience in **Java, Python, React.js, JavaScript, SQL/NoSQ**L databases, and machine learning. Built full-stack and ML-based applications, with strong foundations in **data structures, algorithms, and web development**. Seeking a Software Developer role to apply problem-solving and software engineering skills in a professional environment.

EDUCATION

B.tech in Computer Science & Engineering 07/2022 – 07/2026
KCC Institute of Technology and Management Greater Noida,India

Senior Secondary 07/2020 – 07/2021
K.D Jain Public School Ajmer,India

Secondary 07/2019 – 07/2020
K.D Jain Public School Ajmer, India

PROJECTS

Fruit Basket Game 06/2024 – 07/2024

- **Designed and developed an interactive Python game** using the Turtle graphics library, incorporating custom sprites, background images, and animated gameplay mechanics.
- **Implemented real-time collision detection and scoring logic**, enabling responsive interactions between basket, fruits, and bombs while maintaining high game performance.
- **Integrated sound effects using Pygame** for enhanced user engagement, improving the overall gaming experience.
- **Applied randomization algorithms** to dynamically spawn fruits and obstacles, ensuring unique and replayable gameplay scenarios.

DentalAI – Automated Dental Disease Detection System 08/2025 – 05/2026

- **Developed a machine learning–based dental disease detection system** using image classification techniques.
- **Performed image preprocessing, feature extraction**, and model training to improve diagnostic accuracy.
- **Evaluated model performance** using precision, recall, and accuracy metrics.
- **Implemented end-to-end workflow** from data ingestion to prediction output.

SKILLS

Programming Language — Java, Python, C, C++,

Frontend — HTML, CSS,React.js

Backend — FastAPI, REST APIs

Libraries — Python Turtle, GSAP

Databases — MySQL, MongoDB, PostgreSQL

Tool/Technologies — Git, GitHub

Core CS — Data Structures & Algorithms, OOP, DBMS

ACHIEVEMENTS

• Participated in **Smart India Hackathon (SIH) 2022**, a national-level innovation challenge organized by the Government of India.
• Participated in **Code-O-Fiesta Hackathon 2023**, showcasing creative problem solving through teambased coding challenges.
• Participated in **AICTE-SANKALP Workshop on High Performance Computing** (Oct 2024), organized by AICTE and KCC Institute of Technology.
